

# 11th IFIP WG 14 International Conference CCTA 2024 Jilin China August 12 15

Prepare to embark on an intellectual journey at the 11th IFIP WG 14 International Conference on Communication and Control (CCCT 2024), set to captivate Jilin, China, from August 12-15. This prestigious event will gather an esteemed group of researchers, practitioners, and thought leaders to delve into the groundbreaking developments and innovative applications transforming the fields of communication and control systems.

CCCT 2024 serves as a premier platform for exchanging cutting-edge research findings, sharing novel insights, and fostering collaborations that will shape the future of these interconnected disciplines. Attendees will engage in thought-provoking discussions, explore emerging technologies, and gain invaluable knowledge from renowned experts in the field.

## Computer and Computing Technologies in Agriculture XI: 11th IFIP WG 5.14 International Conference, CCTA 2024, Jilin, China, August 12-15, 2024, Proceedings, ... and Communication Technology Book 546)

## **Discover a Kaleidoscope of Cutting-Edge Phenomena**

The conference program promises an immersive experience that will illuminate the most pressing topics and burgeoning trends in communication and control. Participants will delve into a diverse array of contemporary themes, including:

- Adaptive and robust control systems
- Communication networks and protocols
- Cyber-physical systems
- Data-driven modeling and control
- Distributed decision-making
- Fault diagnosis and prognosis
- Human-machine systems
- Intelligent transportation systems
- Nonlinear and hybrid systems
- Security and privacy in communication and control
- Swarm intelligence and multi-agent systems

These captivating topics will be explored through a dynamic blend of keynote speeches, paper presentations, panel discussions, and workshops. Attendees will have ample opportunities to engage with leading researchers, industry pioneers, and fellow delegates, fostering cross-disciplinary connections and inspiring new ideas.

## **A Destination for Collaboration and Innovation**

Beyond its academic excellence, CCCT 2024 is also a hub for fostering collaborations and sparking innovation. Participants will have the chance to network with like-minded individuals, explore potential research partnerships, and discover new opportunities for interdisciplinary endeavors.

The conference will feature a dedicated industry exhibition, where attendees can connect with leading companies showcasing their latest technologies and solutions in communication and control. This interactive space will provide a unique platform for knowledge exchange, technology demonstrations, and potential business partnerships.

### **Immerse Yourself in the Heart of a Thriving Metropolis**

Jilin, the captivating host city, offers a harmonious blend of modern urbanity and rich cultural heritage. Attendees will have the opportunity to explore the city's vibrant streets, savor its delectable cuisine, and immerse themselves in its fascinating history.

The conference venue, Jilin University, boasts state-of-the-art facilities and a picturesque campus environment. Its central location in the city ensures easy access to accommodation, transportation, and a myriad of cultural attractions.

### **Join Us in Shaping the Future of Communication and Control**

Mark your calendars for August 12-15, 2024, and join the global community of communication and control experts at CCCT 2024. Together, we will explore the frontiers of these dynamic disciplines, foster groundbreaking innovations, and shape the future of technologies that connect and empower our world.

For more information and registration details, please visit the official conference website: <https://ccct2024.jlu.edu.cn>.

We eagerly anticipate your participation in this extraordinary gathering of minds and look forward to welcoming you in Jilin, China, for an unforgettable and transformative experience at CCCT 2024.
