The 16th International Conference on Persuasive Technology will be held virtually from April 12-14, 2024. The conference will bring together researchers, practitioners, and policymakers from around the world to discuss the latest advances in persuasive technology.

Persuasive technology is the use of technology to change people's attitudes, behaviors, or beliefs. It is a rapidly growing field, with applications in a wide range of areas, including health, education, marketing, and environmental protection.

The Persuasive 2024 conference will feature a variety of presentations, workshops, and demonstrations on the latest research in persuasive technology. Attendees will have the opportunity to learn from leading

experts in the field and to network with other researchers, practitioners, and policymakers.

Call for Papers

The Persuasive 2024 conference is now accepting submissions for papers. Papers should be original research papers that present new and innovative findings in the field of persuasive technology. The deadline for submissions is January 15, 2024.

Registration

Registration for the Persuasive 2024 conference will open in early 2024. The registration fee will include access to all conference sessions, workshops, and demonstrations. Early registration discounts will be available.

Venue

The Persuasive 2024 conference will be held virtually. Attendees will be able to participate from anywhere in the world.

Contact

For more information about the Persuasive 2024 conference, please contact the conference organizers at persuasive2024@persuasivetechology.org.
