What is Cue Ball Control?

Cue Ball Control is a simple but powerful concept that can be used to improve your odds of success in any endeavor. The idea is to focus on

controlling the most important factor in your situation—the cue ball. In pool, this means controlling the white ball that you use to hit the other balls. In investing, this means controlling the asset that has the greatest impact on your portfolio's performance.

By controlling the cue ball, you can dictate the terms of the game. You can decide where the other balls go, and you can put yourself in a position to win. The same is true in investing. By controlling the asset that has the greatest impact on your portfolio's performance, you can improve your odds of achieving your financial goals.
