Exploring the Island's Shores

The Big Island of Hawaii boasts over 260 miles of stunning coastline, offering a multitude of shore diving opportunities. This guide leads you through the island's diverse regions, including the vibrant Kona Coast, the rugged Hamakua Coast, and the picturesque Kohala Coast.

Kona Coast

Known for its abundance of colorful corals and thriving marine life, the Kona Coast is a diver's dream. From the shallow waters of Kahalu'u Bay to the deeper reefs of Kealakekua Bay, you'll encounter a kaleidoscope of underwater wonders.

Hamakua Coast

Nestled along the island's northeastern shore, the Hamakua Coast offers dramatic cliffs, hidden coves, and impressive sea caves. Dive into the depths of Laupahoehoe Point Park to witness stunning lava formations and interact with playful sea turtles.

Kohala Coast

Located on the northernmost tip of the island, the Kohala Coast boasts some of the best shore diving in Hawaii. Explore the crystal-clear waters of Puako Bay and Hapuna Beach, where you can marvel at manta rays, eagle rays, and even pods of dolphins.

Diving Conditions and Marine Life

The Big Island of Hawaii offers year-round diving with generally calm seas and excellent visibility. Water temperatures range from 75°F to 85°F, making it comfortable for divers of all seasons.

The island's diverse marine ecosystem supports an extraordinary array of marine life. Dive with majestic manta rays, playful sea turtles, curious monk seals, and a plethora of tropical fish. Admire vibrant coral reefs teeming with colorful soft corals, sea anemones, and nudibranchs.
